S. Patterson opens Public Hearing and hands over to M. Browne. M. Browne states that this process took almost 2 years from the start of the application for the grant to the draft of this plan we have tonight. He would like to thank Alan Applebaum, Nan Stolzenberg and all the Committee members for all their hard work in getting it to this point. He read the public notice that was published in The Columbia Paper on Thursday August 25, 2016. He stated the next step after the public hearing is for the committee and the Planning Board to adopt the Updated Comprehensive Plan and forward it to the Village Board for their review.

Nan states if the Planning Board wanted to wait for public comment since there is no public present they could wait to adopt. If, minor changes were received they could be made without further action. If, additional changes were to be made the process of holding a public hearing will need to be conducted again. The census of the committee was to adopt the final draft tonight and forward to the village board. Mark stated the Comprehensive Plan is noted in two sections of the village code book allowing for minor changes to the code book.

Marc requested if anyone present would like to comment they may do so. No public comment was made
