To Whom It May Concern:

I am writing to confirm that I have no objection to Julia Meck establishing a business in the garage at the rear of her property at 28 Hudson Street. My house is next door to hers, at 32 Hudson Street. I am happy to encourage this type of low impact activity as a means of enhancing the commercial activity in the village.

To Whom It May Concern:

Julia Meck, owner of property at 28 Hudson Street abutting my property at 26 Hudson Street, has asked if I have any reservations or objection to her establishing a business in the garage at the rear of her property. The garage is at great distance from buildings on my property.

I have absolutely no objection to Julia's intended business use on her property as she has explained it to me. In fact, I encourage the Village of Kinderhook to encourage these types of low impact enterprises as they will enhance both the economic and cultural growth of the community.

To Whom It May Concern:

We are writing to confirm that we support Julia Meck's proposed project to operate a Pilates studio in an outbuilding located at the rear of her property at 28 Hudson Street.

Our property at 7 Sylvester Street shares a boundary with the property at 28 Hudson Street. We believe that the proposed establishment of a low-impact, home-based business such as a Pilates studio will have no negative impact on our property.

We encourage the Village of Kinderhook to support low-impact, home-based businesses such as the one being proposed by Ms. Meck. Personal-service businesses, such as a Pilates studio, will add to the economic viability of Kinderhook as a whole by attracting a steady clientele into the village. That clientele will surely provide additional support for the services and offerings of existing and soon-to-be-open businesses in Kinderhook's business district.

Thank you.
